Flintloque

The Master Mount Tables

Welcome to the mount tables for Flintloque 3rd edition. These tables contain every current creature for your characters to choose as cavalry mount or artillery limber beast in your games.

www.alternative-armies.com

To make use of these tables you will need any Flintloque 3rd edition game book such as *War in Catalucia*, *Death in the Snow* or *Bier & Bones*. Or the free Flintloque Lite PDF which you can get from Alternative Armies upon request.

Ride to Glory!

Gnoll	46	32	20	10	3	1	2

Undead Mounts Statistics Table

Cavalry	Movement Rates in Centimetres (cm) (when Character on Mount)				Mount Combat Statistics		
	1 Double March	2 Quick March	3 Slow March	4 Half-Step March	Tough**	Wounds	Melee Modifier
Skeletal Horse	42	36	28	14	6	1	0
Zombie Horse	42	36	28	14	5	1	+1
Flying Mount	54	46	36	20	4	1	0

** Tough is the equivalent of Steady for a Mount used for Melee and Ranged Fire for determining Hits.

The Points Cost for a Mount is 50% of the Experience Level cost of a Mortal Character who will ride it in play.
The Points Cost for a Mount is 100% of the Experience Level cost of an Undead Character who will ride it in play.

Note - Only any Witchlands characters may ride on Skeletal Horses, Zombie Horse and Flying Mounts.
Note - Undead Characters cannot ride on anything but Undead mounts (Skeletal, Zombie, Flying mounts).
